

Welcome to UniGo, the ultimate ride-sharing solution tailored for the University of Regina community! We provide a sustainable, cost-effective, and eco-friendly alternative to traditional public transportation. Our web-based platform fosters an environment that encourages carpooling and ridesharing, connecting students, faculty, and staff who share similar commutes and destinations.

## Our Story

UniGo was founded by Krupal Patel and Yash Patel, who were driven by a passion for improving the method of commute for members of the University, reducing our carbon footprint, and creating a more connected university community. They recognized the challenges faced by their peers during daily commutes, such as unreliable public transportation, long waiting times, and harsh weather conditions in Saskatchewan winters.

In response to these challenges, they developed UniGo, a user-friendly web-app that intelligently presents users with compatible ride-sharing options.

## Our Vision

At UniGo, our vision is to create a seamless transportation experience for the University of Regina community. We strive to continually enhance our platform, ensuring it remains efficient, reliable, and user centric. We are committed to fostering a culture of shared mobility and sustainability and envision a future where UniGo is an integral part of the university experience.

## Our Values

**Sustainability:** We promote eco-friendly transportation solutions that minimize our carbon footprint and contribute to a cleaner environment.

**Community:** We believe in the power of connection and collaboration, creating a platform that fosters a sense of belonging and unity within the University of Regina community.

**Innovation:** We continuously seek to improve and enhance our platform, embracing technology and innovation to deliver the best possible user experience.

**Safety and Trust:** We prioritize the safety and security of our users, ensuring our platform maintains the highest standards of privacy and trustworthiness.

**Accessibility and Inclusivity:** We strive to create a platform that is accessible and inclusive for all members of the University of Regina community, regardless of their background or unique transportation needs.

## Mentors

We are grateful to our mentors, Kin-Choong Yow and Timothy Maciag, for their invaluable guidance and support in developing UniGo.

## Stay Updated

Follow our journey by watching our vlog updates, where we share the latest developments and milestones of UniGo.

Join us today and become a part of the UniGo community—experience the convenience, reliability, and camaraderie of shared mobility, all while making a positive impact on the environment and campus life.
